About This Content

Hello there! Welcome to the Gratitude Pack!

Purchasing this will help support me, the developer of Katie, and make me very Grateful.

You also get a bunch of cool stuff, currently including:

- 2 Live Wallpapers as executables, which are synced up to the time of day
- The soundtrack to the game, including 7 unique songs by four artists
- Static HD screenshots and artwork, if that's your thing
- The promise of more to come!

Songs Included:

- Wandering Ideas - Josiah Kangas
- A Free Day - Josiah Kangas

-
- Fumbled Proposition - Josiah Kangas
 - What Was Lost (Static Recording) - Rachel Cottle
 - City Lights (Remix) - Sonan
 - Bauble - Sonan
 - Worth It - Kena Cramer

All files can be found in the install directory of Katie, inside of the Gratitude Pack folder. It is divided into two folders: the wallpapers and the soundtrack.

*Note: The live wallpapers need a wrapper program to actually be set as wallpaper (Eg: Wallpaper Engine). However, they can still be used as normal programs and are pretty neat!
